

Out of Darkness Program Description

With a goal to provide holistic, individualized, and comprehensive care to victims of prostitution and sex trafficking, Out of Darkness walks with the individual through the process of rescue and restoration. Out of Darkness engages in street and strip club outreach, jail mentoring, a 24/7 rescue hotline, and safe housing. When trying to escape dangerous and dehumanizing circumstances, victims need a trusted support system. Out of Darkness is poised to respond to crisis situations, efficiently coordinate the care needed for stabilization, and make connections to long-term care on behalf of victims.
